<i>List of Tables</i>	<i>vii</i>
<i>List of Figures</i>	<i>ix</i>
<i>List of Contributors</i>	<i>x</i>
<i>Index</i>	<i>293</i>
1 Describing, Studying, and Creating New Economic Spaces	1
<i>James W. Harrington and Richard Le Heron</i>	
2 Network, Embeddedness, and Cluster Processes of New Economic Spaces in Korea	7
<i>Sam Ock Park</i>	
3 High Tech ‘Large Firms’ in Greater Vancouver, British Columbia: Congregation without Clustering?	19
<i>Roger Hayter, Kevin Rees and Jerry Patchell</i>	
4 Geographic Context and Radical Innovation: The Formation of Knowledge in the American and Japanese Electronic Musical Instrument Industries	37
<i>Tim Reiffenstein</i>	
5 Governing by ‘Certifying’: International Standards Organization and Capability Maturity Models as Regulatory Practices in Offshore Software Outsourcing, St. Petersburg, Russia	55
<i>Melanie Feakins</i>	
6 Geopolitical Economy of Global Syndicated Credit Markets	69
<i>Bongman Seo</i>	
7 State Governance, Regulatory Processes and Entrepreneurship: Singapore’s Concentrating Banking Sector	86
<i>Shuang-Yann Wong</i>	
8 Foreign Direct Investment and Economic Change in the Yangtze Valley, China: Opening up a New Economic Space	101
<i>Yufang Shen</i>	
9 Cooperating to Realign Supply Chains: Representations, Networks and Tacit Knowledge in New Zealand’s Dairy and Sheep Meat Industries	114
<i>Guy Penny</i>	
10 Placing Economic Development Narratives into Emerging Economic Spaces: Project Jeep, 1996-1997	131
<i>Jay D. Gatrell and Neil Reid</i>	
11 Israel as a Post-industrial Space of Work and Leisure: A Value Stretch of Lifestyle Attributes	146
<i>Baruch A. Kipnis</i>	
12 Electronic Waste, Global Value Chains and Environmental Policy Response in China	167

Tong, Xin

- 13 Environmental Symbiosis and Renewal of Old Industrial Districts in Japan: Cases of Kawasaki and Kitakyushu 180**
Atsuhiko Takeuchi and Hiroyasu Motoki
- 14 Environmental Regulation and Economic Spaces: The Mexican Leather and Footwear Industrial Districts 191**
Raul Pacheco and Hadi Dowlatabadi
- 15 Concepts of Regional Collaboration as Points of Entry into Regional Institutional Analyses 205**
Martina Fromhold-Eisebith
- 16 Negotiating Culture and Economy in High-technology Industries: Governance through Intellectual Property in New Economic Spaces 221**

List of Contributors

Ji-Sun Choi, Associate Researcher, Regional Innovation Team, Science and Policy Institute (STEPI), 26f., Specialty Construction Center 395-70, Sindaebang2-dong, Dongjak-gu, Seoul 156-714, Korea. E-mail: choijs@stepi.re.kr Dr. Choi's research interests focus on the spatial impact of digital economy and e-commerce, the geography of innovation, the regional spillover of research and development and regional innovation system.

Tamsin Davies, Ms., Department of Geography, University of Wales, Swansea, Singleton Park, Swansea SA2 8PP, United Kingdom. E-mail: t.e.c.davies@swan.ac.uk Ms. Davies research interests focus on University - industry interaction and the transfer, translation and transformation of knowledge between different scientific spaces, and the circulation of knowledge in peripheral regions.

Marcus Doel, Professor, Department of Human Geography, The University of Swansea, Singleton Park, Swansea SA2 8PP, United Kingdom. E-mail: m.a.doel@swansea.ac.uk Professor Doel's research interests span post-structuralism, spatial theory, and post-Marxist political economy.

Hadi Dowlatabadi, Canada Research Chair, Professor of Applied Mathematics, Global Change and Integrated Assessment, Institute for Resources, Environment & Sustainability, The University of British Columbia, 216-1924 West Mall, Vancouver. E-mail: Hadi.D@ubc.ca Professor Dowlatabadi's research interests focus on the interface between human activity and natural systems and the challenge of policy design in complex multi-stress environments.

Melanie Feakins, Assistant Professor, Department of Geography, University of Southern Carolina, Columbia, South Carolina 29208 USA. E-mail: Feakins@gwm.sc.edu Ms. Feakin's research interests focus on economic transformations in post-socialist worlds, discourses and practices of trust and certification as governance for transnational economic connections.

Martina Fromhold-Eisebith, Dr., ARC Seibersdorf Research GmbH, Systems Research Technology-Economy-Environment, A-2444 Seibersdorf, Austria. E-mail: martina.fromhold@sbg.ac.at Dr. Fromhold-Eisebith's research interests cover technology oriented regional development, innovation systems in Europe and Asia, the economic geography of qualified labour migration, MNCs.

Jay Gatrell, Assistant Professor, Department of Geography and Women's Studies, Indiana State University, Terre Haute, Indiana, USA. E-mail: gejdg@isugw.indstate.edu Jay is an economic geographer with interests in economic development theory and practices.

James Harrington Jr., Professor and Chair, Department of Geography, The University of Washington, Seattle, Washington 98105 USA. E-mail: jwh@u.washington.edu James W. Harrington's fundamental interest is in sub-national regional economic development. He currently pursues this with a focus on labor occupations, and the lens of formal and informal institutions.

Roger Hayter, Professor, Department of Geography, Simon Fraser University, Burnaby, British Columbia VV5A 1S6, Canada. E-mail: hayter@sfu.ca Professor Hayter's research interests focus on industrial location dynamics and regional industrial transformation, the forest sector, Japanese MNCs.

Baruch A. Kipnis, Professor, Department of Geography, The University of Haifa, Israel. E-mail: baruch@univ.haifa.ac.il Professor Kipnis' research interests include the dynamics of contemporary urban and economic spaces.

Richard Le Heron, Professor of Geography, School of Geography and Environmental Science, The University of Auckland e-mail: r.leheron@auckland.ac.nz Professor Le Heron's current research focuses on post-structural political economy, globalizing processes and agri-food restructuring, socio-scientific institutions and nature-society relationships and sustainable development pathways.

Hiroyasu Motoki, Dr. Department of Geography, Nippon Institute of Technology, Gakuidai, Miyashiro, Saitama, 345-8501, Japan. Email: mtk@an.email.ne.jp Dr Motoki is researching the changing economic geography of Japan.

Raul Pacheco, Researcher on Environmental Issues, Center for Applied Innovation on Competitive Technologies (Centro de Innovacion Aplicada sobre Tecnologias Competitivas, CIATEC), Omega 201 Fraccionamiento Delta, Leon, Guanajuato 37545, Mexico. E-mail: rpacheco@ciatec.mx Mr. Pacheco's research interests focus on adaptive system responses to external pressures that include environmental regulatory mechanisms.

Sam Ock Park, Dean and Professor, College of Social Sciences, Seoul National University, Seoul 151-742, Korea. E-mail: parkso@snu.ac.kr Professor Park's research interests focus on industrial restructuring, regional innovation systems, E-commerce, innovative cluster and knowledge based economy in Korea and the Pacific Rim.

Jerry Patchell, Dr. Division of Social Sciences, Hong Kong University of Science and Technology, Clearwater Bay, Kowloon, Hong Kong. E-mail: sopatch@ust.hk Patchell's research interests focus on how firms and related institutions work together, how this occurs in the vertical relations among firms in various industries in Japan, the horizontal relations among winegrowers in Bordeaux, Napa and Chianti, university-industry collaboration, and environmental consequences of supply chains.

Guy Penny, Dr., Socio-Environmental Scientist, National Institute of Water and Atmospheric Research (NIWA), Auckland, New Zealand. E-mail: g.penny@niwa.co.nz Dr. Penny's research interests focus on Human-Environment relations, rural/indigenous communities and sustainable resource use, knowledge systems, social and economic processes and their geo-cultural contexts.

Kevin Rees, Dr., Department of Human Geography, The University of Swansea, Swansea, United Kingdom. E-mail: k.g.rees@swansea.ac.uk Dr. Rees' research interests embrace corporation collaboration, institutional learning and intellectual property, especially in knowledge-based industries, and a critical evaluation of government technology policies aimed at promoting regional economic development.

Neil Reid, Associate Professor of Geography and Director of Master of Liberal Studies Program, University of Toledo, Toledo, Ohio, USA. E-mail: nreid@utnet.utoledo.edu Neil's research interests include the spatial dynamics of foreign direct investment and the locational determinants of territorial industrialization.

Tim Reiffenstein, Assistant Professor, Department of Geography, Mount Allison University, Sackville, New Brunswick, Canada E-mail: treiffen@mta.ca Assistant Professor Reiffenstein's research interests focus on contemporary and historical geographies of industry, with a focus on the evolution of Japanese innovation systems, and bridging the evolutionary economics and science studies literature by way of geography.

Bongman Seo, Dr. Visiting Assistant Professor, Department of International Relations and Geography, Florida International University, DM 432 University Park, Miami FL 33199, United States of America. E-mail: seob@fiu.edu Assistant Professor Seo's research interests focus on financial geography, contemporary East Asian development, alternative economies, and network analyses techniques.

Yufang Shen, Professor, The Yangtze Basin Development Institute, East China Normal University, Shanghai 200062, China. E-mail: syf200062@yahoo.com Professor Shen's research interests focus on the assessment of the investment environment, industrial distribution and redistribution, industrial linkages and networks, regional development and regional coordination, globalization and regional intergration, mechanism of endogenous development, Shanghai as a world megalopolis, Yangtze Valley, Yangtze Delta, regional planning and development.

Atsuhiko Takeuchi, Professor, Department of Geography, Nippon Institute of Technology, Gakuendai, Miyashiro, Saitama, 345-8501, Japan. E-mail: atu@nit.ac.jp Professor Takeuchi's research interests focus on the regional dynamics of industry in Japan.

Shuang Yann Wong, Associate Professor, Department of Humanities and Social Studies Education, National Institute of Education, Nanyang Technological University, 1, Nanyang Walk, Singapore 637616. E-mail: sywong@nie.edu.sg Associate Professor Wong's research interests focus on Southeast Asia economic development, ASEAN cooperation, local government planning and practices,

banking and finance of Singapore and Malaysia, Singapore foreign investments, overseas Chinese of Southeast Asia.

Tong Xin, Dr. Assistant Professor, Department of Geography, Peking University, Beijing, 100871, P.R. China. E-mail: tongxin@urban.pku.edu.cn

Dr. Tong's research interests focus on the geography of information technology in China.
